Common Output Level Standards

The requirements in the below table are aligned to Facility Services Common Output Level Definitions from Commander, Navy Installations Command dated May 2018. Work items and associated frequencies for commands that do not receive services funded by CNIC are defined within the Service Classes table in J-1503010-04. Areas governed by TJC and child and youth facilities are exempted from the frequencies set by CNIC as they are governed by other mandates; see J-1503010-05 and J-1503010-06.

Note 1: Desk-side waste collection is not provided in administrative and operational spaces. Centralized waste containers shall be provided for employee use.

Note 2: Desk-side recycling collection is not provided in administrative and operational spaces. Centralized recycling containers shall be provided for employee use. Recycling containers emptied as necessary to prevent overflow.

Note 3: Lunch/break room area services are limited to stocking paper towels and soap dispensers, where present. (Floor care provided at the same frequency as the rest of the facility.)

Note 4: COL 3 intent is to have floor care events scheduled and performed every two months; therefore, spray cleaning and buffing should not be performed concurrently with quarterly mopping. Annual stripping, coating, and buffing should be performed roughly six months after spray cleaning and buffing and will replace one spray cleaning event for flooring surfaces where stripping and waxing is appropriate.

Mandated Service Classes for Child Youth Program Facilities

Custodial Services for Child Development Centers and Youth Centers (collectively CYP facilities) are governed by OPNAV Instruction 1700.9, Chapter 19. Please note that these standards apply ONLY to areas where governed services are provided. For example, in CDC spaces where children are cared for (classroom, play areas, lunch rooms, etc.) the custodial frequencies are set by mandate and must meet the frequencies below; however administrative offices in CYP are not covered by the mandate and shall use the appropriate COLS and service level for administrative areas. The designation * on Carpet and Rug Deep Cleaning means a minimum of one carpet cleaning a year shall be steam cleaning.

Revised by Amendment 0002 · Supersedes J-1503010-09 issued with the solicitation (24 July 2026) in its entirety · Page 1 of 3

GENERAL NOTES TO J-1503010-09

1. Facility data (Fac. No., CCN, CCN Title, Flrs and Facility Total SF) are extracted from iNFADS as of 30 June 2026 and are provided for information. Facility Total SF is the gross area of the facility.
2. Total Custodial SF is the area that receives recurring custodial services and is the sum of the five floor-type columns. Mechanical, electrical and communications rooms, elevator machine rooms, unoccupied storage and the areas excluded in Remarks are not included and will not be serviced. Building Perimeter Services (Spec Item 3.1.5) apply to every facility with a Total Custodial SF.
3. COL / Class: COL 2 and COL 3 = Common Output Level, J-1503010-03 (spaces designated Prestige are identified in Remarks and receive COL 2); A, B, C, D = Service Class, J-1503010-04 (tenant commands not funded by CNIC); MTF = J-1503010-05; CYP = J-1503010-06.
4. Service Days are the days on which work items with a frequency of S or D are performed and on which all other work items are scheduled. **M–F** Monday through Friday; **M–Sa** Monday through Saturday; **M–Su** seven days per week; **M/W/F** Monday, Wednesday and Friday; **T/Th** Tuesday and Thursday; **Wed** one day per week (Wednesday). Facilities with M–F, M/W/F, T/Th or Wed service are not serviced on Federal holidays; M–Sa and M–Su facilities are serviced on holidays. A work item whose frequency exceeds the Service Days (e.g., 3W in a Wed facility) is performed on each Service Day.

Subtotals and the grand total include only facilities that receive Recurring Work. Rows annotated with Notes 9 through 12 are listed for information and are excluded. Notes 5 through 13 are on page 3 of this attachment. Rows revised by Amendment 0002 are marked "A0002" in Remarks.
