## SECTION 1 – GENERAL INFORMATION

### 1.1 Purpose

The Coquina County Board of County Commissioners (the "County") invites sealed bids from qualified janitorial contractors to furnish all labor, supervision, equipment, cleaning chemicals and materials (except the paper products and hand soap furnished by the County under 2.8) necessary to provide routine and periodic janitorial services at the County facilities listed in Attachment A. The facilities are organized in four Groups (A through D) for bidding and award purposes.

### 1.2 Background and Current Contract

Coquina County is located on Florida's Gulf coast. The County seat, Marlow Springs, contains the Government Center campus; branch facilities are located in Westshore, Palm Hollow, Cypress Point and Pine Ridge. Janitorial services at most of the facilities in this ITB are currently provided by **Gulfview Facility Services, Inc.** under **Contract No. C21-0457** (ITB 21-031), awarded by the Board on December 14, 2021 for an initial three-year term beginning February 1, 2022 with two one-year renewals, both of which have been exercised. The current contract expires January 31, 2027 and will not be extended. Questions about current contract pricing or expenditures must be submitted in writing under 1.5.

### 1.3 Contract Term

The initial term of the contract resulting from this ITB shall be three (3) years, from February 1, 2027 through January 31, 2030. The County may renew the contract for two (2) additional one (1) year periods upon mutual written agreement, for a maximum contract term of five (5) years. Prices are firm for the initial term. At each renewal the Contractor may request an adjustment not to exceed the change in the Consumer Price Index for All Urban Consumers (CPI-U), South Region, for the twelve months ending the preceding October, or three percent (3%), whichever is less.

### 1.4 Mandatory Pre-Bid Conference and Site Visits

Attendance at the pre-bid conference on October 14, 2026 is **mandatory**; bids from firms not recorded on the sign-in sheet will be deemed non-responsive. Site visits will follow on October 15 (Groups A and B) and October 16 (Groups C and D), leaving from the County Administration Building at 9:00 a.m. Site visits are strongly recommended but not mandatory. Secure areas of the Judicial Center, Sheriff's Office and 911 Center will be shown only with escort.

### 1.5 Questions and Addenda

All questions shall be submitted in writing to the Procurement Agent no later than 5:00 p.m. on October 20, 2026, and should cite the ITB section or Attachment A facility number to which they refer. Answers, and any changes to this ITB or to Attachment A, will be issued only by written addendum posted on the County's e-procurement portal. Oral explanations are not binding. Each bidder must acknowledge every addendum on the Bid Form (Attachment B); failure to do so may cause the bid to be deemed non-responsive.

### 1.6 Basis of Award

Award will be made **by Group** to the lowest responsive and responsible bidder for each Group, based on the Part 1 monthly price for that Group multiplied by thirty-six (36) months. A bidder may bid one, several or all Groups, but a bid for a Group must include every facility in that Group as listed in Attachment A as amended by addenda. Part 2 unit prices, Part 3 Option Items and Additional Services rates are not evaluated, but must be completed. The County reserves the right to award by individual Group or combination of Groups, to waive minor irregularities, and to reject any or all bids when in the best interest of the County.

### 1.7 Bid Submission

Bids shall be submitted electronically through the County's e-procurement portal before the due date and time on the cover. Each submission shall include: (a) the completed Bid Form (Attachment B), signed by an authorized officer; (b) the Required Forms in Attachment C, including the Sworn Statement under s. 287.133(3)(a), Florida Statutes, on Public Entity Crimes, the E-Verify Affidavit, the Scrutinized Companies Certification and the Anti-Human Trafficking Affidavit (s. 787.06(13), F.S.); (c) a list of three (3) janitorial contracts of at least 100,000 cleanable square feet each performed within the last five years, with references; (d) a current Florida Division of Corporations registration; and (e) a certificate of insurance or letter from the bidder's insurer per Section 5.

## SECTION 2 – SCOPE OF SERVICES

### 2.1 General

The Contractor shall clean each facility on the service days and within the service window shown in Attachment A, to the standards in this Section, so that each facility presents a clean, sanitary and orderly appearance at the start of each business day. Services are performed after hours unless Attachment A shows otherwise (libraries, Animal Services, 911 Center and park restroom buildings are cleaned in the morning or mid-day; the Judicial Center also has two day porters).

### 2.2 Facilities Included and Excluded

The facilities, addresses, number of floors, gross and cleanable square footage, number of restrooms, service days, service windows and remarks are listed in **Attachment A – Facility List and Service Schedule** (Excel). Section 3 summarizes the Groups. The following County facilities are **not** part of this ITB: the Coquina County Detention Facility (cleaned by the inmate work program); the fourteen (14) Fire Rescue stations (cleaned by station personnel); the Coquina County Civic Center (operated under a separate management agreement); and the Marlow Springs Airport terminal (Airport Authority). Areas within listed facilities that are excluded are named in the Remarks column of Attachment A.

### 2.3 Square Footage; Additions and Deletions

**Gross square feet** is the gross building area from the County's real property inventory and is provided for information only. **Cleanable square feet** is the area to be serviced by the Contractor; it excludes mechanical and electrical rooms, elevator and utility shafts, unconditioned storage and the excluded areas noted in Attachment A. Cleanable square feet is the basis of the Part 2 unit price. Square footages are believed accurate, but bidders are responsible for verifying conditions at the site visits; no adjustment will be made after award for differences of less than five percent (5%) in any facility.

The County may add or delete facilities, or areas within facilities, at any time during the term of the contract. The monthly price for the affected Group will be increased or decreased by the change in cleanable square feet multiplied by the Contractor's Part 2 unit price per cleanable square foot per month for that Group, effective on the date stated in the County's written change order. Any facility added at a service frequency different from the Group's predominant schedule will be priced by mutual agreement.

### 2.4 Service Days and Frequency Definitions

### 2.6 Periodic Services

Periodic floor care and interior glass cleaning are performed at the frequencies (times per year) on the "Periodic Services" tab of Attachment A and are included in the monthly price. The Contractor shall schedule periodic work with each Facility Manager at least ten (10) days in advance. Strip-and-refinish shall apply a minimum of four (4) coats of finish; scrub-and-recoat a minimum of two (2). Wood gymnasium floor screen-and-recoat at the Westshore Community Center (Facility 207) is performed in July, when the gymnasium is closed; full sanding and refinishing is not part of this contract.

### 2.7 Clinical Areas and Restroom Disinfection

Examination rooms, dental operatories and clinical restrooms at the Department of Health clinic (Facility 209) shall be cleaned with an EPA-registered hospital-grade disinfectant, following the OSHA Bloodborne Pathogens Standard (29 CFR 1910.1030). The Contractor shall not handle sharps containers or regulated medical waste. The pharmacy and laboratory are excluded.

### 2.8 Supplies and Equipment

The County furnishes toilet tissue, paper hand towels, hand soap and toilet seat covers, stored at each facility. The Contractor furnishes all can liners, cleaning chemicals (Green Seal GS-37 or equivalent where available), floor finish, equipment, carts and tools, and is responsible for maintaining a two-week stock of County-furnished supplies in each facility's janitor closet by notifying the Facility Manager when stock is low.

### 2.9 Additional Services

The County may order work outside the routine schedule – including cleaning during Emergency Operations Center activations, Supervisor of Elections ballot warehouse cleaning before and after each election, post-storm cleanup and special events – at the hourly rates in Part 3 of the Bid Form. Additional Services require a written work order from the Facilities Management Division before work begins.

### 2.10 Option Items

Attachment A lists two optional facilities below the Group totals: **O-1**, the Coquina County Fairgrounds Exhibition Hall (event cleaning, priced per event), and **O-2**, the Bayside Branch Library, now under construction. Option Items are priced on Part 3 of the Bid Form, are not part of any Group, are not evaluated for award, and become part of the contract only if the County issues a written change order.

### 2.11 Hurricanes and Declared Emergencies

During a declared state of emergency the County may suspend services at any facility. The monthly price will be reduced pro rata for each scheduled service not performed. Services resume within twenty-four (24) hours of the County's notice.

## SECTION 3 – SUMMARY OF FACILITIES BY GROUP
